INSURANCE & ENROLLMENT

Simple to Start. Covered by Insurance.

PacWest acts as your loved one's Primary Care Provider – billing through their existing insurance just like any PCP would. No added burden for families or facilities.

Contracted with most major carriers:

- | | |
|---------------------|-------------------------|
| • Medicare | • Amerigroup |
| • Medicaid | • Cigna |
| • Humana | • Aetna |
| • United Healthcare | • Tricare |
| • Kaiser | • Wellcare |
| • Railroad Medicare | • Wellpoint |
| • First Choice | • Coordinated Care |
| • Regence | • Community Health Plan |
| • Molina | • Asuris NW Health |
| • Blue Cross | • Premera |

We can verify additional insurance coverage.

Expert Medical Care. Brought to Your Door.

PacWest Healthcare goes beyond traditional healthcare delivery by bringing exceptional, mobile primary care and specialty services directly to the patients and communities that need it most.

PacWest Promises

Accessibility

For patients who might have difficulty traveling to a healthcare facility due to physical limitations, transportation issues, or other constraints, the PacWest team provides a convenient way to receive in-person quality care in your community setting.

Timeliness

In situations where immediate care is required, but an in-person visit is not feasible, we offer Telehealth to bridge the gap and allow clinicians to assess the patient's condition promptly.

Flexibility

Our visits offer flexibility in scheduling, benefiting both clinicians and patients. It enables appointments to be conducted more conveniently, reducing wait times and making it easier to fit appointments into busy schedules.

Continuity of Care

It is important for us to stay apprised of all healthcare related concerns. Transitions of care are often one of the most vulnerable times in an older adult's life. We offer acute visits, post-ER/post-hospital visits, follow-up appointments and routine check-ins.
